How a Parasail Payment Plan Can Help.

Turn this: **\$3,567** due immediately

Into this: **\$165.38/mo** affordable monthly payments for 2 years

Parasail fixed rate loans don't balloon if you miss a payment like credit cards with variable rates do. Whatever rate you agree to stays the same for the entire loan term – no surprises.

How Parasail works for you.

With one application, Parasail searches for loan offers from all of the top online lenders – with no mark up.

Applying doesn't affect your credit score, and best of all, Parasail is paid by lenders and practices -not by you. So the rates we show you are the same as if you applied directly with each lender separately... **but with a lot less hassle.**
